

Rhino® “Big Blades” for Tractors from 65HP to 300HP

Rhino rear blades are built based on over 50 years of experience. A Rhino blade means Rugged Durability, Superior Craftsmanship, and Outstanding Performance - all at an incredible value. Available in widths from 7' up to 14' (Depending on model), standard features include heavy duty 3-pt hitches, reinforced mainframes, and massive solid steel kingpins.

(Unit shown with optional equipment)
