

REBEL

**AGAINST YOUR AVERAGE
ROTARY TILLER.**

Rhino®'s Rebel Series of rotary tillers matches the exact needs of every Rhino customer. It's available in three sizes with tilling widths of 59"-82 1/2" and either standard or reverse rotations. Designed for use on 25-65 PTO horsepower tractors, the Rebel Series comes standard with slip-clutch driveline protection.

Durability in any type of condition is important, so the Rebel features six hardened "L" blades per rotor flange, cast-iron gearbox housing, and 1/2" steel-end plates.

**WHEN YOU'RE READY TO
REBEL AGAINST THE ORDINARY,
GIVE RHINO A CALL.**
