Re: Retail Financing Option

Dear Dealers,

RhinoAG is proud to announce that we have partnered with TD Retail Card Services for retail financing. Many of you are already familiar with, or are using their services. TD provides the "Yard Card" and "Yard Card Plus" programs to many manufacturers in the Agricultural and Outdoor Power Equipment industries.

Dealers that already have an established relationship with TD Retail Card Services will be able to start immediately with RhinoAG retail financing.

Dealers that do not have an established relationship with TD Retail Card Services will have the following options to set up.

- Website Setup - www.tdracs.com/yard
 - Click on Enroll
 - Follow the 3 Easy Steps
- Please take note of the processing time to be established.
- Questions: Please call 1-800-538-3638 Merchant Services Department

For your customers the turnaround times are in minutes, not hours with TD Retail Card Services. This is a reusable system in that the customer, as they pay down, can use the "Yard Card" for further purchases of product, parts and /or services inside your dealerships.

The basic program is in the hyperlink download, but here is a quick snapshot.

- ✓ 0% - 48 Months
- ✓ \$ 1,500 Minimum Purchase Amount
- ✓ \$ 125 Promotion Fee
- ✓ NO Dealer Participation
- ✓ Products Covered Include:
 - Single Spindles
 - Multi-Spindles
 - Flex Wings

This is the time of year to put a RhinoAG product in someone's shed!
